To Whom It May Concern

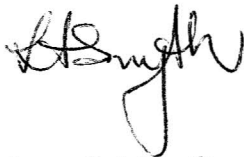

Greg McDonald has completed a number of jobs for us during the months of January and February 2008.

He gave a quote for a variety of jobs which included painting, plastering and finishing off a pergola, as well as some general odd jobs.

Greg was confident, conscientious, and reliable. He was happy to explain what he had done each day and was keen to give his opinion when asked.

We were very happy with his work and would recommend him and certainly would use him again in the future.

Yours sincerely
